

Krell—We're how music sounds

Krell Industries, Inc., America's premiere manufacturer of high-end audio equipment, designs award-winning amplifiers, preamplifiers, compact disc players, DVD players, surround sound processors, and loudspeaker systems.

Krell audio and home theater components are known for their innovative engineering, exceptional construction, and superior sound quality.

Join Mike Piazza and experience music and movies as the artist intended. A Krell system delivers the complete emotional experience every time you listen. So, if you can't make it to the show, we'll meet you in the living room.

Audition a Krell component at your favorite showroom today.

Krell systems are sold by the finest audio retailers around the world. The North American retailers listed at the right carry the full line of Krell components. Please contact Krell for additional listings in your area.
